Interment in the family burying-ground at Tuckahoe.

MISS BETTIE PROCTOR.

Death of This Lovely Young Lady Early Yesterday Morning.

Though not wholly unexpected, the announcement of the death of Miss Bettie Proctor was a shock to all who knew her.

The sad event occurred at the home of her parents, Mr. and Mrs. Thomas K. Proctor, 301 Wood street, at 4 o'clock yesterday morning.

She was born in Mason county 23 years ago, and had been in failing health for the past eighteen months, though confined to bed only one week.

Miss Proctor was one of our city's most beautiful daughters—lovely in face and form, and lovelier still in disposition and manner.

The funeral will take place from the residence at 3 o'clock this afternoon, with services by the Rev. Howard T. Cree of the Christian Church, followed by interment in the Mayville Cemetery.

Mr. and Mrs. John Duley were yesterday elected Delegates from the M. E. Church, South, to the State Sunday-school Convention at Danville, beginning August 20th.

## STABBED HIMSELF.

Edward McMillan Tries Suicide By the Knife Route Saturday.

Ed McMillan is employed at the Mayville Cotton Mills, and resides with his wife and child at Front and Short streets.

About 9 o'clock Saturday evening the family was seated at the upper table when, without warning, Mr. McMillan whipped out a penknife and stabbed himself in the right breast just below the nipple.

Of course the report spread like wildfire and as it spread it grew; and if it had kept on a few squares farther, every man, woman and child on Short street would have been killed.

THE LEADER Man visited Mr. McMillan, who has a trivial wound; but he refused to say why he attempted to end his life.

## THE HORSE—IT DIED.

Dr. and Mrs. J. H. Samuel Have an Unpleasant Experience.

Saturday Dr. J. H. Samuel, accompanied by Mrs. Samuel, drove to Flemingsburg behind "Dick," a favorite ivory horse belonging to Mr. John T. Parker.

The horse was placed in Cassidy & Lee's stables during their stay in the burg, and at 9 o'clock when they started on the return there was apparently nothing wrong with the animal.

As they proceeded, however, there were signs of sickness, and when they got within about three miles of the home he gave out completely and fell.

He was gotten to his feet soon after, and was led into a field where he fell again, dying a few minutes later.

Nothing was left the doctor and his wife but to walk home, which they did, reaching here after midnight.

The doctor aroused a stable boy and returned for the buggy and harness, when they found the horse, as the doctor puts it, had "swelled up as big as a hoghead."

It was 3 o'clock in the morning when they got back.

The horse was, on account of his gentleness, a great favorite with the lady patrons of Mr. Parker.

## Feast of Bargains

Our Midsummer Clearance Sale will begin next Wednesday, August 7th. All of our former clearance sales will pale into insignificance compared to this. Between now and Tuesday we will go through our entire stock of Spring and Summer Clothing, and every suit and garment will be marked down.

25 Per Cent. From..... Regular Price.

Not a single garment will escape the knife. It is needless for us to tell you about quantities. The best is the Only Kind We Sell. Our people don't want cheap stuff; they have been tempted again and again—and doubtless will be again—with clothing that looks awful cheap in newspaper advertisements, but when weighed it invariably was found wanting.

Our Clearance Sale will continue until we have sold down the stock low enough to give us room for our New Fall Goods, which will soon begin to come in.

All goods sold at the advertised reduced price MUST be paid for when taken away or ordered sent home. Please do not embarrass us by asking credit during this sale.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is fully inflamed the result is deafness. Unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; no case out of ten is cured by cathartics, which is looking but at the local condition of the mucous membrane.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.

## THE BEE HIVE

OUR FIRST SEASON IN MAYSVILLE is now drawing to a close. It has been a most successful one, far beyond our greatest expectations. To all our customers we extend our sincere thanks for their loyal support, and we feel today that we have made a host of friends for so short a time and we shall ever try to merit your good will.

We now shall turn our attention to the coming Fall and Winter season. Besides an enormous line of medium grade goods, we shall carry a line of high-grade novelties such as has never been shown in Mayville before, and to that effect we have already made arrangements with some of the largest manufacturers and importers on the American Continent to handle their line exclusively.

Our Mr. Merz leaves for New York this week. Should you have any special orders to be attended to kindly see him this week.

Very respectfully,

The Episcopal Cathedral of St. John the Divine is now being erected in New York City, and it is a much larger structure than St. Patrick's Cathedral. The latter, however, is the largest completed Church edifice in New York City. St. Patrick's is 326 feet in length, while St. John's is 600 feet. The breadth of St. Patrick's is 96 feet, as compared with 206 of the Episcopal structure. St. Patrick's cost \$2,500,000. Already \$2,000,000 has been spent on St. John's, and it will cost at completion fully \$15,000,000. It will probably require fifteen or twenty years to complete it. History shows that the work of building great Cathedrals is necessarily slow. It took more than a hundred and seventy-five years to complete St. Peter's Church in Rome, and the Cathedral at Milan began March 15, 1387, is not yet finished.

**Y. M. C. A. and West Union Boys Will Play in the Afternoon.**

Let everybody turn out tomorrow afternoon to witness and encourage the game of ball at the Sixth Ward Ball Park between the local Y. M. C. A. team and the crack team from West Union, O., which is recognized as one of the best amateur clubs of that section of the state.

It is composed of some of the very best material, and their pitcher, who possesses a remarkable record, promises to be a special feature of the game.

Of course, all differences which may arise will be settled by Colonel Billie Lynch, the official Umpire, whose ability and judgment in that line need no further comment.

The line-up will appear in tomorrow's issue, and a small admission fee of 15¢ will be charged to help defray the necessary expenses.

**Funeral of Mrs. C. A. McLaughlin at Covington Yesterday.**

The LEXINGTON on Friday made brief mention of the death that morning of Mrs. C. A. McLaughlin at Big Bone Springs.

She was 79 years of age, and with her husband, who survives her, went to Covington sixty years ago from California, Campbell county, and they resided there until a few years ago, raising a large family, of which three sons and three daughters survive.

They are: Squire W. P. McLaughlin, C. A. McLaughlin and E. B. McLaughlin of Covington; Mrs. Frank Clark of Mattoon, Ill.; Mrs. Robert Fick of Mayville, and Mrs. Dr. Orr of Highlands, Campbell county.

The remains were on Saturday taken to the residence of Squire McLaughlin, and yesterday afternoon the funeral took place from Scott Street M. E. Church, the Rev. W. E. Taylor of this city assisting in the service.

**COCKY FRETTE TEETHING BABIES NEED LAXAKOLA**

The Great Tonic Laxative

WATCH the children carefully. Their health, perhaps their lives, depend on keeping their bowels regular. Many parents make a mistake by giving their little children the old-fashioned, violent purgatives which are racking and griping, and are therefore not only unpleasant, but dangerous.

Laxakola does not grip nor irritate. It is a pure, gentle and painless liquid laxative. It is a truly a sure laxative, but it contains valuable tonic properties which not only rid the bowels, but tone up the entire system and purify the blood. A few drops can be given with safety to very young babies, and will often relieve colic by expelling the wind and ease that cause it. Great relief is experienced when administered to young children suffering from diarrhea, accompanied with white or green evacuations, as LAXAKOLA neutralizes the acidity of the bowels and carries out the cause of the evacuation. It will aid digestion, relieve restlessness, assist nature, and induce sleep. For coughs, colds, simple fevers, sore throat, or any infantile troubles arising from a disordered condition of the stomach it is invaluable. At druggists, 5c. and 10c. or send for free sample to LAXAKOLA CO., 123 Nassau Street, New York, or 306 Dearborn Street, Chicago.

**CANDY CATHARTIC**

**Best For The Bowels**

GENUINE GASTRO-CATHARTIC. Beware of the dealer who tries to tell "something just as good."

There are in circulation in this country \$25,000,000 worth of bank notes made from old State Bank of New Jersey plates which were supposed to have been destroyed.

Almost ten years ago a man in the state of Washington was convicted of murder in the first degree and sentenced to be hanged yet. The state Supreme Court and the United States Supreme Court have had the case before them, in the form of exceptions and objections, during those ten years, and the condemned man's attorney declares that he has still "many cards to play."

**TO BE DEPENDED ON.**

Because It Is The Experience of a Mayville Citizen and Can Readily Be Investigated.

A stranger lost in a large city would place far more dependence on the directions given him by a local resident than the guidance of another stranger like himself. This is natural consequence of experience; it is like a ship in a strange port—a trusty pilot familiar with the harbor is called upon to bring her safely to her moorings. So it is with indorsement; we doubt the savings of people living at distant points because we are recognized by both countries. It is governed by local citizens can be depended on, for "it is an easy matter to prove it. Evidence like the following is beyond dispute.

Mrs. R. R. Honoh of 304 Forest avenue says:

"Doan's Kidney Pills quickly relieved Mr. Honoh of backache, which has been a source of discomfort to him for some time. I procured the remedy at J. Jas. **EXCURSIONIST SHOT.**

He Asked That His Assistant Not Punished—The Wounded Man May Recover.

Lexington, Ky., Aug. 5.—Pete Green, a street car conductor, of Cincinnati, but a former resident of Lexington, was shot through the right lung in the back yard of a saloon by Frank E. Delaney Sunday afternoon. Green had come to this city on an excursion and intended returning to Cincinnati on the 5 o'clock train Sunday evening. The men, with several others, had been drinking together for some time and all went out to the back yard. Soon after a pistol shot was heard and Green was found lying on the ground with a pistol wound in his right breast. The wounded man was taken to the hospital, where he stated to the doctors that the shooting was accidental, and that he did not want to be punished. He may recover. Delaney was arrested. He stated to the police that the pistol was in his hand when it went off, but that he did not know it was loaded.

**BITTEN BY A VIPER.**

Was Suffering From Chills and Fever, and Disease Left Him—Curious Circumstances.

Louisville, Ky., Aug. 5.—Patrick Smith, a chills and fever sufferer, has been cured of malarial fever by the bite of a spreading viper, one of the most poisonous snakes in the South. Smith, about 35 years of age, and was born and reared in Westwood as a charcoal burner. He occupies a small cabin in the woods. On one side is a stagnant pool, and the fever-breeding moccasins extend some distance. About three months ago he was taken down with a severe attack of malarial chills and fever. Ever since then he has been fighting the ironclad of the disease. On Friday the viper crawled into Smith's room, and he was lying on his back on the floor, in less than 24 hours the man's fever subsided and he is now well.

**THE HILLMAN ESTATE.**

Litigation Over It Has Been Compromised—Compensate \$10,000 Acres of Land.

Hopkinsville, Ky., Aug. 5.—The litigation involving the large Hillman estate in Trigg, Lyon, Marshall and Livingston counties has been compromised and orders for confirmation of sale have been agreed upon.

St. Louis capitalists became the owners of 40,000 acres of land between the Tennessee and Cumberland rivers, and have proposed to divide into a number of small farms. A part of this property will be used for iron furnaces in connection with the glass works.

Mrs. A. Hillman requires all the property east of the Cumberland river, known as the Trigg farm lands.

**Kentucky Crops.**

Frankfort, Ky., Aug. 5.—State Commissioner of Agriculture, Nall issued his monthly crop bulletin, made up from reports from correspondents in a large majority of the counties, and it shows that in the month of July the drought caused the tobacco crop to decline to 55 per cent. of a usual crop, the corn crop to 55 per cent., and the wheat crop to 71 per cent. This means a net loss to the farmers of nearly \$20,000,000.

**Represent Kentucky Miners.**

Louisville, Ky., Aug. 5.—Former Judge W. H. Yost, of Greenville, was here Sunday on route to Louisville to attend the conference of coal miners. He is the legal representative of the coal miners of Hopkins county, Ky., and a number of the coal companies who had accompanied him to Indianapolis to attend the conference.

**Will Develop Asphalt Lands.**

# FIGHT TO A FINISH.

The Steel Corporation Refused to Consider the Amalgamated Association's Terms.

ALL NEGOTIATIONS ARE NOW OFF.

The Strike Will Be at Once Extended and Will Involve Something Like 400,000 Men.

The Coming Contest Promises to Be the Greatest Industrial Battle the World Has Ever Known.

Pittsburgh, Pa., Aug. 5.—The United States steel corporation refused to consider the terms of the Amalgamated association. Instead it gave an ultimatum that the men must return to work at the former scale, with no reference to unionism, or the Amalgamated association would be crushed.

The Amalgamated association refused. All negotiations are now off. It is a battle for the life or death of unionism against the most powerful combination of capitalists the world has ever known.

The strike will be at once extended and will involve 400,000 men. Possibly there will be sympathy strikes. The trust will attempt to start militia. The workers are determined. It is considered certain that there will be trouble. The trust has an army of guards ready to call to its aid. The strikers are for law and order, but mean to win.

"Within a week every union man and every union man at heart in the employ of the United States steel corporation will be asked to join the strike now being waged by the Amalgamated association. We must see whether unionism is to stand or fall."

No More Conferences.

"There will be no more conferences with the United States steel corporation. The Amalgamated association will not request a peace meeting." The entire movement has been placed in the hands of President Shaffer. He has absolute power to call out every man who is connected with the movement, and he intends to do it. He is satisfied with the progress of the fight to date. He finds that none of the battle lines have been broken. The trust is made by Mr. Shaffer that the trust will find the Amalgamated association is strong in many of the mills.

"There is no telling what the mine workers may do. If President Mitchell should call his men out, I think he would make a serious mistake. The executive board of the bituminous coal operators comprising Ohio, Indiana and Pennsylvania will be in session Monday, and I expect to see the officials and have a talk with them before returning to Indiana on the annual meeting of the operators and miners next January."

It was reported here Sunday night that a sympathetic strike of miners in the coal fields of the state on account of a possible sympathetic strike. Both are men of tact and energy. Their duties are entirely separate, and yet in many ways co-operative. One could not very well go forward without the other. I am gratified to observe the friendship established between them, and I am confident that, under their guidance, the Philippines will get out of trouble into powerful waters."
